City Council  
410 E. Washington St.  
IOWA CITY, IA 52240

Dear city council members,  
my name is Kenna Prottzman. I'm  
a 3rd grader at Long fellow  
elementary School. I am writeing  
about chickens in the city. I  
think chickens would be  
good pets because they lay  
eggs and because you can  
tame them. We would only have  
chickens not roosters (because  
roosters are to loud).

I also want chickens because  
I'm allergic to cats and my  
family can't afford a dog.  
Chickens eat fruit and  
vegetables also eat scraps and  
bugs in your yard. They  
are really fun for kids. If  
we were to have chickens  
my dad would build a sturdy  
chicken coop so other wild  
animals could not get in  
and spoil the chickens. I  
would have inportend jobs.

Thank You for Cons  
request for chickens  
City.
